

## Office Memorandum • UNITED STATES GOVERNMENT

TO : Assistant Director, RR

DATE: 20 December, 1954

THRU :

FROM :

SUBJECT: Soviet Production of Guided Missiles

REFERENCE: Letter, 6 December, 1954, [ ] and letter, [ ]  
23 July, 1954

25X1

25X1

25X1

1. [ ] memorandum to the A/D has been routed through channels to me for comments and action.

25X1

2. The original idea was, as you may recall from my letter of July 23rd, to set up an inter-Agency Committee on a more or less permanent basis to follow up economic intelligence on Guided Missile production in the USSR. It is noted in [ ] letter that the EIC have recommended deferment of a sub-committee under their group. We have checked on the possibility of becoming associated with the AFOIN working group and have found that this group is made up entirely of Air Force Personnel. Neither OSI nor ORR, or in fact, any other Agency is included.

3. For your information I am listing below the members of this AFOIN group:

Mr. Carl Bollum (Chairman)	2CI	AF	) Pentagon Annex
Capt. E. A. Thiel	2C2	AF	
Lt. Comdr. W. G. Stearns	2C5	ONI	) Air Targets
Mr. D. H. Gagan	3A2	AF	
Mr. F. L. Wood	3A2	AF	) Temp. U
Lt. Col. J. C. Manatt	ATIC	AF	
Capt. P. H. Pratt	ATIC	AF	) WPAF
Col. C. A. Miller	ATIC	AF	
Maj. H. F. Weed	AFSS	AF	) Base
Mr. B. H. Livingstone	AFSS	AF	
			) Country

4. There is another group which had been set up under SEC to follow up research and development primarily on Guided Missiles. This was strictly an Ad Hoc working group which was primarily interested in preparing a section for the recent NIE on Guided Missiles. I understand this group either has been or shortly will be dissolved. Members of this group is as follows:

USAF review(s) completed.

SECRET  
- 2 -

SEC Sub-Committee

25X1 Mr. J. Eiselstein ATIC  
Lt. Col. Henry Owen, USA G2  
Dr. D. Legalley, U.S. Navy  
Mr. William Pond Country  
Mr. Weideman State Department  
(Branch Chief)  
(Prod. Staff)

25X1 5. The next step that I have taken was to investigate the possibility of the establishment of a permanent IAC Sub-Committee on Guided Missiles. In talking with [redacted] of ONE, I learned that the AD/OSI had initiated steps of the formation of such an IAC committee and recommendations for it's formation are understood to be in the hands of the DDI.

25X1 6. I would therefore recommend that the AD/RR first contact [redacted] of OSI, see whether he wouldn't agree for the inclusion of at least two representatives of ORR, and following that, to advise the DDI of our interest in becoming members of this IAC Sub-Committee.
